The exact schedule of each tour varies day-to-day and is dictated by the interests of the group and unique events of the day, not by a rigid pre-set itinerary.

SAFETY IN THE WILDERNESS

It is important that travelers with Northern Alaska Tour Company understand that much of Alaska is truly remote. Traveling through vast wilderness stretches requires adequate time and preparation. Weather or mechanical factors, albeit infrequent, can result in multi-hour delays. Medical facilities are limited. Limited communication and transportation infrastructure inherently cause evacuation for illness or other emergency situations to take, at the very best, several hours to conduct. For this reason, travelers to this region should be of reasonable health and physical condition.

Northern Alaska Tour Company is an Alaskan-owned tour operator based in Fairbanks, Alaska.

The company was founded in 1987 to provide unparalleled travel and touring experiences in Alaska's Arctic for guests while maintaining the highest standards of safety and commitment to traditional culture and the environment.

Our cooperative, grassroots tour programs strengthen the local economies in the communities and regions we visit and help preserve the wisdom of knowledgeable locals by recording and incorporating their knowledge into tour programs.

As our traveling guests learn of and experience firsthand the delicate, wondrous environment of Alaska's Arctic, they are able to appreciate and help protect it. When carried forth conscientiously, travel and touring can serve to protect the natural environment and preserve traditional culture where it may otherwise be destroyed.

In sharing our culture and environment with visitors, we as hosts, along with our guests are deeply enriched by the experience.....which is really what travel and touring is all about.

The Spirit of Alaska

Alaska is one of the last great wilderness regions on earth. It is a remote, wild, and sparsely populated land of vast wilderness expanses. Today's Denali Winter Drive Adventure® will be unlike previous travel you have encountered. Experiencing the expansive landscapes and fascinating cultures unique to Alaska requires braving travel along the Parks Highway through remote country where the amenities common in today's modern world are rare or non-existent. Travel in Alaska is always an adventure. Northern Alaska Tour Company prides itself in its reputation for providing a high-quality travel experience which "smoothes out" the "rough edges" of travel in region. Yet it is the spirit of you, the adventurer, which is unquestionably the key to making the most of today's travel experience. Travel in Alaska is not for everyone. If you are young at heart, adventurous, have a desire to learn, to explore new territories, and to seek out new experiences, then the rustic aspects of traveling in Alaska will be of little consequence to you. You are certain to come away from today's experience with a deeper understanding of the culture, greater appreciation of the natural history, and wonderful memories of time spent in Alaska. that is the spirit of Alaska.
