The above is only intended to provide an approximate tour itinerary. Northern Alaska Tour Company strives to make each tour a unique and personalized tour experience. The exact schedule of each tour varies day-to-day and is dictated by the interests of the group and unique events of the day, not by a rigid pre-set itinerary.

SAFETY IN THE WILDERNESS

It is important that travelers with Northern Alaska Tour Company understand that Alaska's Arctic is a truly remote wilderness region. Traveling through vast wilderness stretches requires adequate time and preparation. Weather or mechanical factors, albeit infrequent, can result in multi-hour delays. Medical facilities are limited. Limited communication and transportation infrastructure inherently cause evacuation for illness or other emergency situations to take, at the very best, several hours to conduct. For this reason, travelers to this region should be of reasonable health and physical condition.

Northern Alaska Tour Company is an Alaskan-owned tour operator based in Fairbanks, Alaska.

The company was founded in 1987 to provide unparalleled travel and touring experiences in Alaska's Arctic for guests while maintaining the highest standards of safety and commitment to traditional culture and the environment.

Our cooperative, grassroots tour programs strengthen the local economies in the communities and regions we visit and help preserve the wisdom of knowledgeable locals by recording and incorporating their knowledge into tour programs.

As our traveling guests learn of and experience firsthand the delicate, wondrous environment of Alaska's Arctic, they are able to appreciate and help protect it. When carried forth conscientiously, travel and touring can serve to protect the natural environment and preserve traditional culture where it may otherwise be destroyed.

In sharing our culture and environment with visitors, we as hosts, along with our guests are deeply enriched by the experience.....which is really what travel and touring is all about.
